

# Security Features of the \$1,000 Dollar Note

“Bank of Guyana”  
should feel raised  
when touched.

Security Thread.  
Changes colour as the  
banknote is tilted.

Watermark

Gold-Based Hologram  
Progressively  
larger digits from  
left to right.

# Security Features of the \$1,000 Dollar Note

**Gold-based hologram in the shape of the Bank of Guyana crest.**

As the hologram is tilted, many small images of the initials “BOG” and the denomination “1,000” can be seen.

# Security Features of the \$1,000 Dollar Note

## Watermark

When the bank note is held up to the light an image of a macaw is seen

# Security Features of the \$1,000 Dollar Note

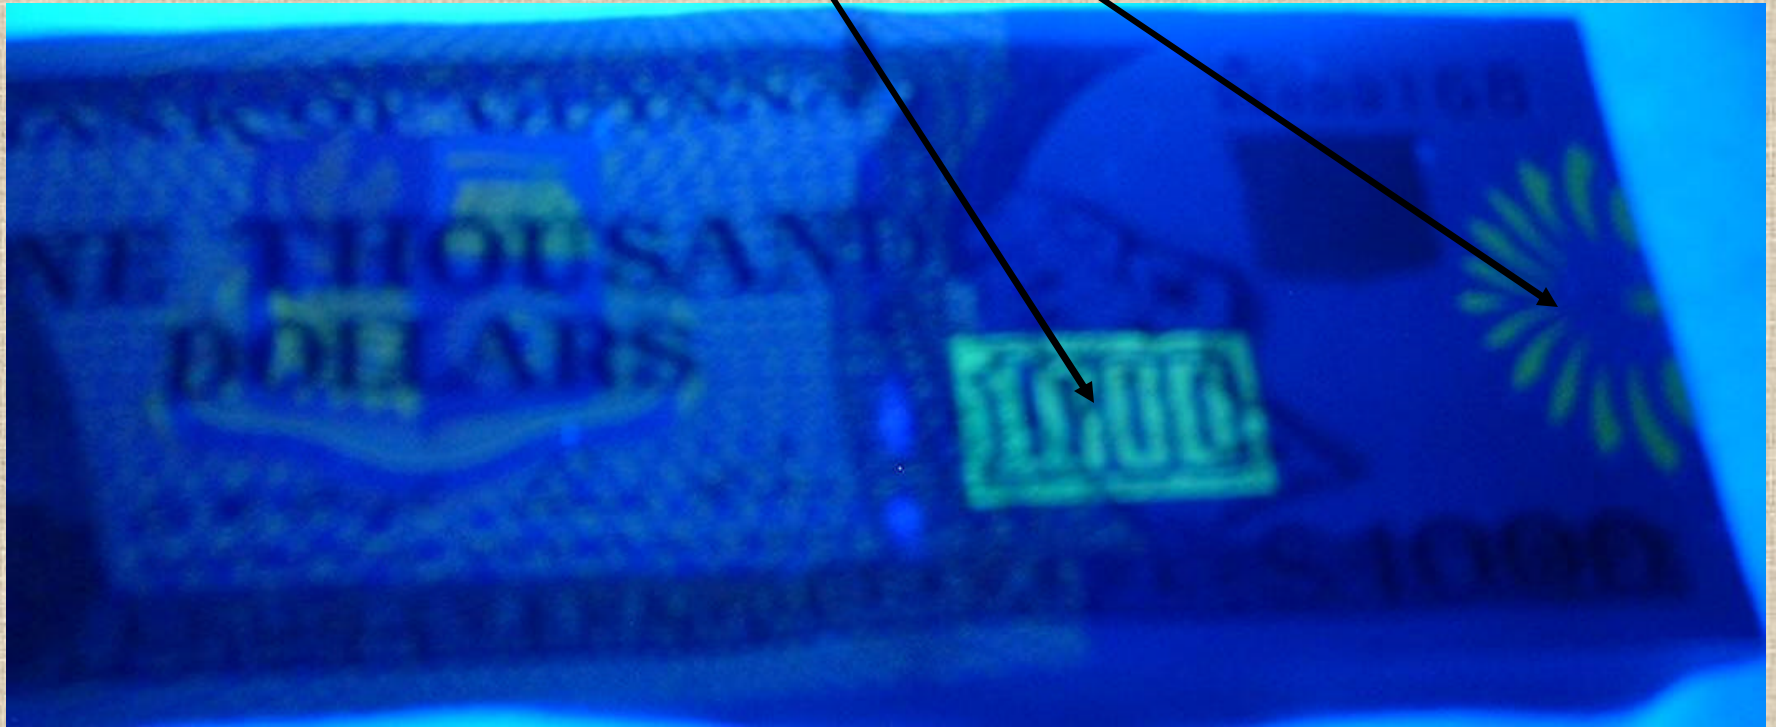

## Security Thread

The complete thread is visible when held up to the light.
