REPORT OF THE AUDITOR GENERAL ON THE

STATEMENT OF CUMULATIVE INVESTMENTS

STATEMENT OF SOURCES AND USES OF FUNDS AND THE

ASSET REGISTER OF THE GUYANA PAYMENTS SYSTEM PROJECT

FINANCING AGREEMENT (CREDIT № 5966-GY)

FOR THE PERIOD 8 SEPTEMBER 2017 TO 31 DECEMBER 2019

Opinion

I have audited the financial statements of the Guyana Payments System Project which comprise the Statement of Cumulative Investments for the period 8 September 2017 to 31 December 2019, the Statement of Sources and Uses of Funds, and the Asset Register for the period then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying financial statements of the Guyana Payments System Project for the period 8 September 2017 to 31 December 2019 have been prepared in all material respects, in accordance with the financial reporting requirements of Section 4:09 of the General Conditions of Financing Agreement (Credit Agreement № 5966-GY) dated 22 June 2017 between the Cooperative Republic of Guyana and the International Development Association.

Basis of Opinion

I conducted my audit in accordance with International Standards on Auditing (ISAs) issued by the International Federation of Accountants (IFAC), the International Standards of Supreme Audit Institutions (ISSAIs) and the Audit Act 2004. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Project in accordance with the ethical requirements that are relevant to my audit of the financial statements in Guyana, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the requirements established in Section 4:09 of the General Conditions of Financing Agreement (Credit Agreement N_2 5966-GY) and for such internal control as management determines is necessary to enable the preparation of statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs and ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of my audit in accordance with ISAs and ISSAIs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Project's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

Dr. Gobind Ganga Governor Bank of Guyana

Bank of Guyana Guyana Payment System Project (P159512) Notes to the Financial Statements For the period 8th September, 2017 to December 31st, 2019

1. Project Description

This is a US\$6 million Project that will be executed in 4 years, from March 2017 to March 2021, with the objective of improving Guyana's national payments system by enhancing safety and efficiency of payments.

Project Beneficiaries

The project beneficiaries includes:

- 1. Consumers, government agencies and the private sector
- 2. The Bank of Guyana
- 3. Financial institutions

Final users of the national payments system are the ultimate beneficiaries of this Project.

Consumers, government agencies, and the private sector will benefit from an improved and modern national payments system. The Project will provide users safe and efficient electronic payment instruments.

The Bank of Guyana (BOG) will benefit by increased knowledge and capacity by operating and governing a national payments system. Technical assistance will be provided to the BOG to conduct a comprehensive reform supported by a strong legal and policy framework to support safe and efficient electronic payments. In addition, the Project will provide financial and technical support to the BOG for developing the payments system infrastructure and for proving capacity building for BOG Staff.

Financial institutions will also benefit from the Project. Core payment infrastructure consistent of a: RTGS, ACH and CSD that are connected would provide a number of advantages to financial institutions: 1) safer and more efficient processing of electronic payments and 2) banks and other eligible institutions will be able to offer payment instruments such as credit transfers and direct debits that can be used for a variety of retail payment needs, such as salary payments, bill payments and tax payments.

Project Development Objectives – Results Indicators

Progress towards meeting the Project Development Objective would be measured by the following results indicators:

a. Percentage of large-value payments processed through the Real-Time Gross Settlement Systems (RTGS) (Turnover of GDP)

b. New system observes or broadly observes all applicable Principles for Financial Market Infrastructures (PFMIs)

Project Components

The Project will support the improvement of Guyana's national payments system by enhancing safety and efficiency of payments, through three components:

(i) Developing Payments System Infrastructure (estimated total cost: US\$4.30

million)

(ii) Capacity Building of the Bank of Guyana (estimated total cost: US\$ 1.38 million)

(iii) Project Implementation Unit (estimated total cost: US\$ 0.32 million).

Component 1: Developing Payments System Infrastructure

This component will focus on financing the required hardware and software infrastructure by the Government in order to provide interbank clearing and settlement services for electronic payments. Under component 1 the Project will finance: (a) Software and Hardware for the RTGS, (b) Software and Hardware for the CSD, (c) Bank of Guyana Current Account System upgrade (d) Treasury Software Modification, (e) GRA Software Modification, and NIS Software Modification.

Component 2: Capacity Building of the BOG

This component is mainly focusing on the capacity building of BOG staff in the specific technical areas required for ongoing operation and management of the infrastructure systems. Under component 2 the Project will finance, *inter alia*: (a) PIU operational technical advisory support for the RTGS and CSD (b) technical advice for connection government payments, (c) peer study tours for the PIU and (d) training.

Component 3: Project Implementation Unit

This component will focus on supporting the efforts of the implementation agency to effectively execute the Payments System Project. Under this component the Project will finance: (a) the recruitment and training of the Project Implementation Unit (PIU) team members including specialists responsible for procurement procedures, financial management, information, technology, and the overall execution of the project, (b) equipment and furniture for the PIU, (c) monitoring and evaluation activities, and (d) operative costs.

2. Basis of Preparation

The Financial Statement have been prepared in accordance with the International Public Sector Accounting Standards (IPSAS) with particular emphasis on Cash Basis Financial Reporting under the Cash Basis of Accounting which recognizes transactions and events only when cash is received or paid by the Project.

Translation of local currency

United States currency is translated to local currency (GY\$) at the rate of exchange at Bank of Guyana on the date the funds are deposited into the local currency amount that supports the US\$ designated account held at Bank of Guyana. Local currency disbursed is translated to US\$ at the

same rate at which the US\$ funds were received into the local currency account. The rates of exchange during the period in conversion of Guyana currency to United States currency were GY\$206.5 = US\$1 (September 2017 to May 2018), and GY\$208.5 = US\$1 (June 2018 to December 2019).

3. Available Cash Balance

Closing balances as at 31st December, 2019:

US\$

ii.	Bank of Guyana No. 01627004550	86,180.26

REPORT OF THE AUDITOR GENERAL ON THE ELIGIBILITY OF EXPENDITURE FOR THE GUYANA PAYMENTS SYSTEM PROJECT FINANCING AGREEMENT (CREDIT № 5966-GY) FOR THE PERIOD 8 SEPTEMBER 2017 TO 31 DECEMBER 2019

Opinion

I have audited the Requests for Reimbursement of Expenditure submitted for the Guyana Payments System Project for the period 8 September 2017 to 31 December 2019, in support of credit withdrawals under Financing Agreement (Credit № 5966-GY).

In my opinion, the expenditure submitted for reimbursement were eligible to be replenished from the funds of the Project, the funds were used for the purposes intended and the internal control and procedures used in the preparation of the Requests for Reimbursement of Expenditure can be relied upon to support each request.

Basis of Opinion

I conducted my audit in accordance with International Standards on Auditing (ISAs) issued by the International Federation of Accountants (IFAC), the International Standards of Supreme Audit Institutions (ISSAIs) and the Audit Act 2004. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Project in accordance with the ethical requirements that are relevant to my audit of the financial statements in Guyana, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the Requests for Reimbursement of Expenditure in accordance with the requirements established in Section IV of the Financing Agreement (Credit Agreement № 5966-GY) and for such internal control as management determines is necessary to enable the preparation of statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs and ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of my audit in accordance with ISAs and ISSAIs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Project's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

AND THE PROJECT ACCOUNTS

FOR THE GUYANA PAYMENTS SYSTEM PROJECT

FINANCING AGREEMENT (CREDIT № 5966-GY)

FOR THE PERIOD 8 SEPTEMBER 2017 TO 31 DECEMBER 2019

Opinion

I have audited the Designated Account Reconciliation Statement and the Project Accounts submitted for the Guyana Payments System Project for the period 8 September 2017 to 31 December 2019. This statement and the accounts are the responsibility of the Guyana Payments System Project.

In my opinion, the Designated Account Reconciliation Statement and the Project Accounts, used for managing the funds provided by the International Development Association, presents fairly, in all material respects, the availability of funds for the period 8 September 2017 to 31 December 2019, as well as the transactions made during the same period, in accordance with the financial reporting provisions outlined in the Financing Agreement.

Basis of Opinion

I conducted my audit in accordance with International Standards on Auditing (ISAs) issued by the International Federation of Accountants (IFAC), the International Standards of Supreme Audit Institutions (ISSAIs) and the Audit Act 2004. Opinion

I have audited the financial statements of the Guyana Payments System Project which comprise the Statement of Cumulative Investments for the period 8 September 2017 to 31 December 2019, the Statement of Sources and Uses of Funds, and the Asset Register for the period then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the Guyana Payments Sector Project complied with Articles I to V of the Financing Agreement (Credit № 5966-GY) and the relevant laws and regulations for the period 8 September 2017 to 31 December 2019.

Basis of Opinion

I conducted my audit in accordance with International Standards on Auditing (ISAs) issued by the International Federation of Accountants (IFAC), the International Standards of Supreme Audit Institutions (ISSAIs) and the Audit Act 2004. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Project in accordance with the ethical requirements that are relevant to my audit of the financial statements in Guyana, and I have fulfilled my other ethical responsibilities in accordance with these requirements. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the compliance with the requirements of Articles I to V of the Financing Agreement (Credit № 5966-GY) and for such internal control as management determines is necessary to enable the preparation of statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

My objective is to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs and ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of my audit in accordance with ISAs and ISSAIs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Project's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.
